SUMMARY

I'm a Front-End Developer with a strong focus on **JavaScript** and **React.js**. I enjoy solving problems and I have a knack for turning ideas into responsive websites and applications. I'm good at working in a team, and I like to stay up-to-date with the latest web development technologies. I'm excited to use my skills to help create great user experiences and I'm always ready to learn something new.

SKILLS

Languages : **JavaScript** / HTML / CSS

Frameworks & Libraries : **ReactJS** / NextJS / NodeJS / Redux / express / TailwindCSS / Sass / MaterialUI / Bootstrap / jQuery / styled-components / GSAP

Others : mongoDB / Docker / Git / Figm / Microsoft office(Access / Excel)

PROJECTS

Back-end, UI / React.js Web App   June 2023
My Youtube (React.js / NodeJS / express / MongoDB / TailwindCSS) ↗ Demo ⊘ Project
 ・This is a responsive application that utilizes the Google API to perform searches and display actual YouTube videos.
 ・When signed in, users can subscribe to videos or save them for later viewing ("watch later"), and these actions are stored in the local storage to retain the data for the next login.
 ・During the sign-in process, there is a rule in place to ensure that users input the minimum required number of characters. Once signed in, the password is concealed, and the data is saved in the local storage.

Front-end, UI / React.js Web App   Apr 2023
Keep (React.js / Redux) ↗ Demo ⊘ Project
 ・Designed and implemented a user-friendly interface, facilitating editing, and deleting processes with React.js
 ・Efficiently used Redux for state management, streamlining the application's responsiveness and performance.
 ・Enhanced user experience by ensuring smooth transitions and interactive elements throughout the note app.

Front-end, UI / JavaScript Web App (Team project)   March 2023
Trivia Guru (JavaScript) ↗ Demo ⊘ Project
 ・Created a dynamic quiz platform that allows users to select their preferred category and number of questions, providing a tailored user experience.
 ・Effectively used JavaScript to add interactivity to the top page, improving the responsiveness and user interaction on the quiz platform.
 ・Leveraged my coding skills to establish a seamless connection between the top page and animation part.

EXPERIENCES

Hannan University   Apr 2015 - Mar 2022
 ・Academic affairs department
 ・Admissions Public Relations Divison department

I was responsible for PR activities such as creating university brochures and managing the university website, and contributed to improving student services by introducing an app.

EDUCATION

Web and Movile Aplication Development Diploma   Sept 2022 - Present
Cornerstone International Community College of Canada

Bachelor of International Tourism   Apr 2011 - Mar 2015
Hannan University
